ASSEMBLIES AIMED AT ADDRESSING SEL DIVERSITY & BONDING

DIVERSITY & BELONGING

"Diversity is having a seat at the table. Inclusion is having a voice. And belonging is having that voice be heard." -Liz Fosslien

▶ ▶ CULTURAL COMPETENCE

Today's students will enter the most diverse workplace in the history of the world. With the amalgamation of different cultures in American society, it's imperative every student be culturally competent. In this presentation, Cam discusses ways to communicate respectfully with those that are different.

▶ ▶ ALLYSHIP

What is an ally? In this presentation, Cam explains what an Ally is and why it's important to encourage allyship. It is more than simply believing in equality. Being an ally means being willing to act with and for others in pursuit of ending oppression and creating equality. Cam discusses ways in which students can be allies.

▶ ▶ IMPLICIT BIAS

What are implicit biases? How do they affect our everyday interactions? What is socialization and how have we been socialized? This is the root of many conversations around our differences in society. In this presentation Cam helps students grasp a better understanding of the terms and language around Diversity & Inclusion in a fun and memorable way.

▶ ▶ MICRO-AGGRESSIONS: INTENT VS. IMPACT

What are micro-aggressions and how do we recognize them? The primary objective of the session is to raise the students' consciousness, awareness and understanding of their role in the vast diversity that exists within the community, school, and future workforce.

SOCIAL EMOTIONAL LEARNING (SEL)

▶ ▶ BULLYING

Through humor, Cam shares his own experiences with bullies and offers ways to identify and cope with bullying and peer-pressure. He brings awareness to unconscious bullying and openly discusses suicide prevention. He brings light to depression, and urges students to be an "annoying friend" if they spot signs of depression or potential suicidal thoughts from peers.

▶ ▶ APPROPRIATE USE OF SOCIAL MEDIA

Cam uses examples from his own life and the lives of pop-culture celebrities to show students the potential negative effects of a digital footprint. Cam teaches students how to utilize social media and technology as an educational tool to help their future instead of using it as a distraction.

▶ ▶ DISCIPLINE OVER MOTIVATION: AMBITIOUS CAREER GOAL-SETTING

In Cam's strong message of resilience towards career goals, he discusses hardships, sacrifice, and failures. He stresses to students that the decisions they make today will ultimately affect the rest of their lives. He gives numerous examples of what he calls the "Perspective of Failure" and breaks down why it's important to set the most ambitious goals possible.
